

## PROJECT OUTPUT:

ADMIN LOGIN:

ADMIN CAN ENTER THE BUS DATA THROUGH ADMIN LOGIN:

A screenshot of a web application interface for entering bus data. The form is divided into two main sections: a left section for bus details and a right section for location and pricing. The left section includes fields for 'Bus No' (with a value of 0), 'Travel Name', 'Type1' (radio buttons for AC and Non-AC), 'Type2' (radio buttons for Ordinary, Deluxe, and Super-Deluxe), and 'Mode' (radio buttons for Sleeper and Non-Sleeper). The right section includes 'From Location' and 'To Location' (both dropdown menus set to 'chennai'), 'Timings(1-24hrs)', 'Cost/person' (with a value of 0), and 'No of Seats' (with a value of 0). A central vertical list shows numbers 1 through 11. At the bottom right are 'BACK' and 'OK' buttons.

ADMIN CAN MODIFY BUS DETAILS

A screenshot of a web application interface for modifying bus details. The form has a light blue background with a blurred image. It features two main sections: 'Select Bus No to Modify' with a dropdown menu showing the value '1', and 'select which field to modify' with a dropdown menu showing 'Travel name'. Below these are 'BACK' and 'OK' buttons.
